Distraction, distraction,  
The one thing she needs now to tak her mind,  
The one thing that made her say goodbye.

Reflections, reflecting,  
That shivier feeling embraced tonight,  
You compound torment with these lies.

Woah-Oh-Oh, Woah-Oh-Oh.

Colliding passage as she finds peace in an ordinary  
book,  
She highlights.  
Her patience, her patience, this patience is waiting for  
the lie,  
Voices all around screaming she'not blind,  
'Cause everything she feels is dying,  
And everything she knows is over too.

She waits forever, and today she waits to feel this once  
again,  
She waits to tell somebody else...

I'm yours, I'm yours, I'm yours, Yours.

This place, this house, this home all in a bag of  
memories,  
She's alone, she's alone.  
This burden, of blaming,  
Pointing the finger, she's gotta turn away, turn away,  
'Cause everything she feels is dying...

She waits forever, and today, She waits to feel this  
once again,  
She waits to tell somebody else...

I'm yours, I'm yours, I'm yours, Yours...

Ah-oh-oh-oh (x3)

I'm yours, I'm yours, I'm yours, Yours...

Reflections, reflecting,  
Distractions, distraction.

I am yours, Yours.

She waits forever, and today, she waits to feel this  
once again,  
She waits forever, and today, she waits to feel this  
once again,  
You compound your torment with these lies,  
You compound your torment with these lies.
