I said, "I'm making a call",
A call to the poison girls,
The ones who criticised my life,
Criticised my life,
One look into cocaine eyes,
And I wonder how you face yourself,
Can you face yourself?

Lying here, Both your eyes, Straight and true,
I try, to praise a part of you,
How cruel is your disease?
Caught me out, Outside of you,
Your decision, Don't take them down,
Caught me out, That's why I'm making a call...

A call to the poison girls,
The ones who criticised my life,
Criticised my life,
One look into cocaine eyes,
And I wonder how you face yourself,
Can you face yourself?

Leave this room a stranger,
Stranger than you,
You were, The first,
The first I ever knew, Ever knew,
Caught me out, Outside of you,
Your decision, Don't take them down,
Caught me out, That's why I'm making a call...

A call to the poison girls,
The ones who criticised my life,
Criticised my life,
One look into cocaine eyes,
And I wonder how you face yourself,
Can you face yourself?

Can you face yourself?
Can you face yourself?
Can you face yourself?
Oh...

You're my lover,
You're my best friend,
You're my eyes,
Who am I to you?
You're my lover,
You're my best friend...

I have no reason, To hide in my innocence,
Stand before the other, And let him watch over me,
How can you face yourself,
I covered for you, Covered for all the lies,
But you're the lie,
That's why you're making a call...
That's why I'm making call...

A call to the poison girls,
The ones who criticised my life,
Criticised my life,
One look into cocaine eyes,
And I wonder how you face yourself,
Can you face yourself?
Can you face yourself?
Can you face yourself?
Can you face yourself?
