"Shooting Dirty Pool"

Rock 'n roll loudmouth, shoot 'em off black
Stroke another one now, right behind my back
Do us all a favor, get yourself a spine
Everybody's chokin' on the grapevine

(Chorus)

Shootin' dirty pool, spewin' dirty lies
Shootin' dirty pool, spewin' dirty lies

I heard it on the airwaves, I've seen it in my glass
Get your money on the table, get your head out of your
ass

You're the coolest guy that I ever have smelt
I ain't a notch on nobody's belt

(Repeat chorus)

Why don't you get a haircut, sister?
That's it! {bottle breaking}

(Instrumental break)

(Repeat chorus)
