She's tapping spine, She's a dredging line,
Is she trying to prove her scar?
I can see that's where you are.
Acquired taste, Has she lost her faith?
Is she trying to prove her scars?
I can see you're still torn apart...

But if we try, And carry the load,
And she falters, Then she'll know...

I'm leaving now, Don't hold me back,
Can't let this poison in,
This poison in my head...

Curtains closed, You're predisposed,
Don't ever hide your scars,
'Cause that's not who you are,
Don't you feel alone,
Trying to bleed this stone,
Stop trying to prove you scars...

But if we try, And carry the load,
And she falters, Then she'll know...

I'm leaving now, Don't hold me back,
Can't let this poison in,
This poison in my head,
Don't leave me, Don't leave me,
Behind,
I'll leave you, I'll leave you,
Behind, behind, behind, behind...

She sleeps like a serpent,
And wraps around me like new clothes,
But she'll feel the wind change,
And the petals fall from a wilting rose,
In this picture of me, youse happiness, quality,
Look in your eyes, you'll see,
We've all got our memories,
A scar, A ghost, A monster,
They're all enemies,

It's a thin layer of ice, this journey,

I'm leaving now, Don't hold me back,
Can't let this poison in,
This poison in my head,
I'm leaving now, Don't hold me back,
Can't let this poison in,
This poison in my head,
Don't leave me, Don't leave me,
Behind,
I'll leave you, I'll leave you,
Behind, behind, behind, behind...
