You press your luck
Up against his body
Now you're stuck
But you're lyin' down dirty
You don't care
Where the hell you're goin'
Anywhere
Is better than goin'

Anywhere is better than here

Your hair is black
Because you taint it
Your life's a joke so tell me anyway

Anywhere is better than here

You press your luck
But you don't care
And play with your hair
But you never stroke your hair

Anywhere is better than here Anywhere . . .
