Saw your van on the sand and I don't understand
Tell me why you do it 'cause you understand
Look at where you're goin' before you go insane
Your pills and your booze and you're not the same

Dope smokin moron, don't make me yawn
Dope smokin moron, don't make me yawn
Dope smokin moron, don't make me
Don't make me, don't make me yawn

I keep thinking wonderin' why you do it to yourself
You parents say you do it your way, do what I said
You're cruisin' and you're losin' it on the side
Took this turn, keep doin' it, you're gonna die

Dope smokin moron, don't make me yawn
Dope smokin moron, don't make me yawn
Dope smokin moron, don't make me
Don't make me, don't make me yawn

Dope smokin moron, don't make me yawn
Hey, Merle, I was wonderin' if ya had any 'ludes on ya?
[Incomprehensible]

[Incomprehensible]
Dope smokin moron, don't make me yawn
Dope smokin moron, don't make me yawn
Dope smokin moron, don't make me
Don't make me, don't make me yawn
