

## Replacements "Election Day"

I meant to close the polls  
In the chill night, bitter cold  
Someone close the polls  
On a chill night in the cold

Election day  
Now I cannot stay  
Wannabe, wannabe  
Wannabe, wannabe

I don't care who gets elected  
I don't care who gets to find out  
I don't care who gets elected  
Til I find me one to love

Wannabe, wannabe  
Wannabe, wannabe  
Wannabe, wannabe  
Wannabe

Election, election  
I said election  
I don't care, I don't care  
I don't care  
[Incomprehensible]  
Our election day
