I need a god damn job  
Oh I need a god damn job  
I really need a god damn job  
I need a god damn job

God damn it, god damn it  
God damn, I need a god damn job

I need a god damn girl  
I need a god damn girl  
I really need a god damn girl  
I need a god damn girl

God damn it, god damn it  
God damn, I need a god damn job  
Right now, right now  
An honest job, if I can find one

I need a god damn job  
Right now I need a god damn job  
Oh I need a god damn job  
I need a god damn job

God damn it, god damn it  
God damn, I need a god damn  
I need a god damn job
