Well, well, well I, found it's my life, down on all fives  
Let me crawl, if I want, I could dye my hair  
Time for decisions to be made  
Crack up in the sun, lose it in the shade

Razzle, dazzle, drizzle, drone, time for this one to  
come home  
Razzle, dazzle, drizzle, die, time for this one to come  
alive  
And hold my life until I'm ready to use it  
Hold my life because I just might lose it  
Because I just might lose it  
Because I just might lose it

Well, well, well, anyone could tell, pass it off, a lucky  
shot  
Ooh, they do hate 'em, someday soon, face 'em  
Time for decisions to be made  
Crack up in the sun, lose it in the shade

Razzle, dazzle, drizzle, drone, time for this one to  
come home  
Razzle, dazzle, drizzle, die, time for this one to come  
alive  
And hold my life until I'm ready to use it  
Hold my life because I just might lose it  
Because I just might lose it  
Because I just might lose it

Just might, just might, just might  
We might crack up in the sun, or we'll lose it in the  
shade

Razzle, dazzle, drizzle, drone, time for this one to  
come home  
Razzle, dazzle, drizzle, die, time for this one to come  
alive  
Hold my life until I'm ready to use it  
Hold my life because I just might lose it  
Because I just might lose it

I want you to hold my life

Get ready to hold my life  
Hold my, hold my, hold my, hold my
