Get me out of this stinkin' fresh air  
Night and day in the electric chair  
Step right up son  
gonna show you something ain't never been done  
you're all fucked.

Listen, it don't cost much  
I lay down the line that you touch  
Never do what you're told  
Any time is easy when you're wrong  
You're all wrong and I'm right

Please be on your honor  
Please be on your \_\_\_\_\_

(back in here)

Listen to the story all right  
I'll lose it all right on that dotted line  
Step right up son  
gonna show you something ain't never been done  
You're all wrong and I'm right

You see I want it in writing, I owe you nothing  
want it in writing, I owe you nothing  
want it in writing
