Do you want me to party
You want me back at yakety-yak
Do you drive around a lot
Drive around since I care
Do you want me to send a letter or a note
I won't

Fallin' in love for the first time, my my my
Fallin' in love for the hundred millionth time

Keep them cards and letters
I'm thinking and I'll think my fill
Do you want me to hide it
Wrap it up, come an' see
Do you want me to drive it
Wrap it up C.O.D.
Do you want me to send a letter or a note
I won't
Do you want me to send a letter or a note
I won't

Drive me crazy, drive me to look back
Get out of my bed, get outta my yakety-yak
Do you want me to send a letter or a note
I won't
