You came to live with me
The rent is cheap that way
I gave you all of my space
You chose my closets

Torn old photographs
Of girls I never knew
Got you wishing I'd
Grow up or marry you

Tried to make this your home
Boxes in a storage space
And room for all your things
One day you'll feel safe
You'll get a bigger place

I let you wear my robe
You didn't like the smell
Gave away my bed
There's nothing wrong with it

Tried to make this your home
Yes, I tried to make this your home, hey

Something's got to give
And I can't throw it all away
There's some memories I'd like to keep
And there's things I can't change

Tried to make this your home
Yes, I tried to make this your home
Yes, I tried to make this your home
Yes, I tried to make this your home

Take it, c'mon, make it all yours
You can tear it, all mine
You can have it if you like
Take it...
Take it all
Take it all
Take it all
