I fear for my life of sin  
Years of darkness are haunting me at night  
My black soul of fire burns like  
Crosses in the sky  
Now listen to judgement day  
Behold all evil serpents  
Of the past  
Feel my vengeance like dragon  
Breathing down your neck  
Burning the bridge of fear now  
Fighting the ghost and demons  
Down  
Facing the witches of the dead  
The angels of death's  
Upon your head

Don't feel remorse  
Of what i've done  
You better face my wrath and run  
I'm gonna make you feel insane  
This is the future masterplan

Listen to the tales of lies  
All your search for piece of minds is  
Gone  
Like a ton of bricks i pound you right  
Into the ground  
Signs of apocalypse  
Appearing in the sky  
Before your eyes  
With a tail of fire i am coming right  
At you  
Ages of fear is here for you  
It doesn't matter what you do  
It makes no difference what you say  
Now i am here to make you pay

[chorus]

Now you better listen to the voices  
Of the past  
Listen to the undertakers call

Open your mouth  
And take a bite of decay  
I'm the keeper of the evil crystal ball

[chorus]
