"Air Guitar"

Keep the time
Identify the beat
Then you'll hear the chime resound
Calling you to be profound.
Use your hands to play guitar
With no guitar at all.
I don't care if you can talk
Fast to draw or slow to paw,
Grab your ax and keep the time
Identify the beat.
Then you'll hear the chime resound
Calling you to be profound.
Use your hands to play guitar,
If you can say guitar.
I don't care if you are tall,
Black or white, or very small,
Grab you ax and play guitar
Play guitar.
With no guitar at all and make your fingers bleed your
spirit scream, yeah,
Play guitar
Oh play guitar
With no guitar at all and make your fingers bleed your
song must sing
Now play guitar let no one harbor feelings that said
take it far guitar.
