"Cast On, Cast Off"

If we keep in contact, will you stand by?
Bide no longer in these times
Look to see the progress
Keys are in line
I've not the things you've needed
Left parts behind

Retrieval on the sidelines
Cast on, cast off, bones will not bind
We've run atop my broken glass
This pain will not last
Your pains are from mine
But may we keep in contact
With no stand by

Don't you think it's too much like fire and ice?
Yours is home alone, while I watch the poltergeist
Too much like fire and ice
Yours is home alone, while I watch the poltergeist

(I've not the things you've needed)
Don't you think it's too much like fire and ice?
(Left parts behind)
Yours is home alone, while I watch the poltergeist
(Retrieval on the sidelines)
Too much like fire and ice
(Cast on, cast off)
Yours is home alone, while I watch the poltergeist
