I Laughed At You  
I Made Fun Of Me  
I Didnt Think This Threw  
I Messed Up Everything.  
I Sorry For What I Did.  
I Didnt Think This Threw.  
I Know What I Did  
Its So Hard I Get Confused.

I Cried Over And Over  
I Really Want To Die  
I Cried Over And Over  
Because You Made Sad  
All The Things You Did For Me  
I Really Missed That.  
I Really Want You Back  
You Made Me Glad  
I Cried Over And Over  
I Cried Over And Over  
For You For You  
I Cried Over And Over  
I Cried Over And Over  
For You Oh You

Im Taking It Slow  
For Now On Im Taking A Bow  
Im Thinking Where Should I Go  
Because I Cant Handle The Where About  
Im Thinking Of You  
And Your Expection  
Im Sorry For What I Said To You  
I Hope You Can Forgive Me Up There  
And All I Seen The Lights Of The Bright Moon Light  
Shinning On Me
