Is There A Medication I Can Take
To Take This Love Away
Is There Another Way
It's Starting To Fade Away
I Can't Take This Feeling Away
Depressing Everyday
Is There Another Way
To Take This Love Away

I Can't Fine That Smile
In Your Inner Shade
I Been There For A While
It's Starting To Fade Away
Im Looking In Backwards
It's Hard And Sincere
Im A Bad Actor When It Comes Down To This Stage

Everyday You Smile In The Parade
You're Trying To Act Like Its An Happy Day
You Lie In Front Of Millions Daces
And Everyday It Shows
Who You Really Know

Is There A Medication I Can Take
To Take This Love Away
Is There Another Way
It's Starting To Fade Away
I Can't Take This Feeling Away
Depressing Everyday
Is There Another Way
To Take This Love Away

Let's Start Off With Your Number
Deleting Your Name
Erasing You Phone Off Of My Game
Let's Split Away
I Can't Take This Pain
It Lasted Forever
It's Hard To Say

Everyday You Smile In The Parade
You're Trying To Act Like Its An Happy Day

You Lie In Front Of Millions Daces
And Everyday It Shows
Who You Really Know

Is There A Medication I Can Take
To Take This Love Away
Is There Another Way
It's Starting To Fade Away
I Can't Take This Feeling Away
Depressing Everyday
Is There Another Way
To Take This Love Away

Is There A Medication I Can Take
To Take This Love Away
Is There Another Way
It's Starting To Fade Away
I Can't Take This Feeling Away
Depressing Everyday
Is There Another Way
To Take This Love Away

OoOhOh
Oooo
