Everything that you said
Is kind
Kind of pissing me off

So this one goes out to you
To tell you that I hate you
And god i hope you hate me too

I'm just glad I got to make you cry

I'm sorry
That I ever saw your face
That i ever asked your name
That i loved you for that while
That i ever made you smile

Try to climb into my head
So you can see just how i feel
This hate that was once pretend
Is now turning oh so real
I realize
Taht im glad that your gone
Wish you were standing on that bridge

When i burnt it to the ground

I've closed this door
At least 100 times
But i always leave the key
Somewhere that you will find
But the next time
Your hand gently knocks
You will find
That i changed the all of the locks

You pull me in close enough
To punch me in the face
Still i come back again
Why am i such a disgrace
You're not worth
All this pain that I feel
Its over

Im done this time for real

Take my pictures off your wall
