Everybody come on
let me hear you say

Crazy music, crazy music
for crazy people
crazy people
crazy music, crazy music
for crazy people
crazy people

Each time you start to dance
I get into a trance
and my heart's on fire

I'm burning like a flame
you're driving me insain
I'm crazy about you babe

Crazy music, crazy music
for crazy people
crazy people
crazy music, crazy music
for crazy people
crazy people

So babe be aware
there's tension in the air
take care of you

Don't let it get too hot
or there's noway to stop
the passion's inside my heart

Crazy music, crazy music
for crazy people
crazy people
crazy music, crazy music
for crazy people
crazy people

Everybody come on

let me hear you say

Hee-ee.... naa-na na naa...

So babe be aware
there's tension in the air
take care of you

Don't let it get too hot
or there's noway to stop
the passion's inside my heart

Come on!

Crazy music, crazy music
for crazy people
crazy people
crazy music, crazy music
for crazy people
crazy people ...(x2)

Everybody come on
let me hear you say

Hee-ee....naa-na na naa...

Crazy music, crazy music
for crazy people
crazy people
crazy music, crazy music
for crazy people
crazy people
