

Resurrection "Disembodied"

Minds die. Dreams denied. Religion's disembody.
No way out. Your dreams immortalized. Seal your fate
with me.
Pray for death. It's time to die.
My eyes burn in fear. So cold. What I am doing here ?
Is this a dreams or will insanity destroy my mind. They
Drain my life. They yearn for my knowledge. Now it's
my turn to die.

Minds die. Dreams denied. Freaks survive. Religion's
disembody.
No way out. Your dreams immortalized. Seal your fate
with me.
Pray for death. It's time to die.
My eyes burn in fear. So cold. What am I doing here ?
Is this a dream or will insanity destroy my mind ?
