Eyes, now have awaken  
See the pain the world has taken  
Life, cities run rampid  
Children born no hope for existence  
Cries, form the madness  
You think your life's everlasting  
Pray, you find the truth  
This wreched world will kill you to  
Eyes, view life blind, no one cares,  
Lies despair  
Minds, closed so tight, not aware  
Of lies despair  
Born though hatred,  
World's in chaos,  
Show no mercy, global warfare  
Tare no prisioners, save your life,  
Run for cover, can you survive  
The pain, you feel in your heart  
Tuis world, will tear you apart  
Blood, that runs though your veins  
Will boil, from all of the rage  
Your children, running in fear  
Killing the people, you hold so dear  
Close your eyes, close your mind

Show no mercy, or die  
People are the future, people set us free  
People lock the chain on us,  
Bring us to our knees  
People are forgiving,  
Kind and so damn pure  
People are disease in life,  
That pray upon your soul  
People will awake to find,  
The world left in their hands  
Soon their are no people, understand  
Life's in the mind  
Close your eyes it will pass you by  
Life's in the heart  
Feeble mind will get you nowhere  
Life's in the mind  
Close your eyes it will pass you by

Life's in the heart  
Feeble mind will get you nowhere  
Eyes, view life blind  
No one care, of lies despair  
Minds, closed fo tight  
Not aware, of lies despair  
Dark, cold, morbid, life
