Do you think know me  
Then what is my name?  
Do you think you can trust me  
To show you the way?  
I've been called a liar  
Been call a fool  
Now that you've seen me  
What will you do  
As I walk through the silence  
The sound seems so clear  
Are you deaf to my message  
Or will you run in fear?  
Do you want me to save you?  
Please let me know  
Don't take me for granted  
Together we will grow

Come on to me  
Take from the tree  
Follow my path  
And never look back  
I'll give you strength  
All of my power  
This beautiful fruit  
It's time to devour

Let me in while you're still sleeping  
I promise not to leave you weeping  
Close your eyes release the sorrow  
Open your mind beyond tomorrow

Come on to me  
Take from the tree  
Follow my path  
And never look back  
I'll give you strength  
All of my power  
This beautiful fruit  
It's time to devour

Listen to my music  
The sounds ring so clear

My voice is like crystal  
My songs you'll rever  
I've paid the price now  
Or so I've been told  
Come take my hand  
It's time we must go  
By almighty god  
You're the chosen one  
Will you still trust me  
When you time has come?  
Con you open your mind to me  
And accept my way?  
You still think you know me  
Then what is my name?

Come on to me  
Take from the tree  
Follow my path  
And never look back  
I'll give you strength  
All of my power  
This beautiful fruit  
It's time to devour
