Vile thoughts run through my head  
Am I alive or am I dead  
I can escape the things I've done  
And I can't predict what's next to come  
I'll stalk the night in search for prey  
Down by dawn as I escape the day

My cries  
Wasted away  
When I find you  
Alone in your world  
I can't wait until  
The day that I find you  
Alone again

The search for victims to quench my thirst  
So who will it be  
Who will die first  
I can't control my thirst for flesh  
As hunger returns I'll kill again  
The monster sleeps inside my mind  
Awaking at night it's killing time

Closing  
Your eyes to the way  
That I'm feeling  
Sick in the way  
That I'm watching you  
It's burning inside me  
A thirst for flesh

My mind is twisted  
My thoughts are obscene  
You can't control me  
As I laugh when you scream  
I'll cut your eyes out  
So you see where I've been  
Just when it's over, well, I'll start it again

My cries  
Wasted away  
When I find you

Alone in your world  
I can't wait until  
The day that I find you  
Alone again

Closing  
Your eyes to the way  
That I'm feeling  
Sick in the way  
That I'm watching you  
It's burning inside me  
A thirst for flesh

My cries  
Wasted away  
When I find you  
Alone in your world  
I can't wait until  
The day that I find you  
Alone again

Closing  
Your eyes to the way  
That I'm feeling  
Sick in the way  
That I'm watching you  
It's burning inside me  
A thirst for flesh

My mind is twisted
