You're getting though to me, there's no mistake,
I knew it instantly: there's no escape.

Shadow on the wall, voice in my night,
It's like a silent movie running in my mind,
Running in my mind, ooh, running all the time.

I think I know you, I think I'm known,
No one can fool you; my cover's blown.

Shadow on my wall, voice in my night,
It's like a silent movie running in my mind,
Your shadow on the wall, ooh, voice in my night,
It's like a silent movie running in my mind.

What are you telling me?
Why do I feel fear?
Every waking hour, I know you're so near,
Every waking hour, every waking hour,
Every waking hour.

Will you please hold me?
Don't let me go,
Please take me in your arms; I need to know,
Why do you love me in sacrifice?
How could you offer me your very life?
In every waking hour, you are so near,
In every waking hour, I know you're... I...I know you're...
In every waking hour, in every waking hour.
