Empty room, it's a holiday
The sky, the walls, a familiar gray
If I could find some peace of mind
If one day again I'd feel the summer's breath
Oh summerthrow

Summerthrow your arms around me
I want to see the sun again
Fill me with your dandelion wine
Summerthrow
Summerthrow your hair about me
I want to feel and see your spirit
Oh oh oh oh - want to see you shine

Summer catch me, now I'm falling
On a winterfield in rain
Cold yet melting down without a hope
And I lost myself, I lost my soul
Oh I need your summerthrow

Pull me deep into your sky - I know those golden eyes
Have seen my failings and my shame? but I'm buried
now
Inside the flame, fully claimed by the glow

Summerthrow, summerthrow

Summer watch me now I'm weary
Can I rest here in your arms awhile
And listen to your song
Now I feel I've got a home forever - summerthrow
