You come from nowhere like you're the boss of me.
To beat me, to crush me like I was no one.

I feel the adrenaline.
Rage is feeding my desire to knock you out.

Come on, it's on; you'll never bring me down.
Come on, it's on; you're the one who'll hit the ground.
Come on, it's on; you'll never bring me down.
Come on, it's on; you're the one who'll hit the ground.

Look in my eyes and see the blood, the blood of
hatred.
Look in my eyes and see what's to come, you're going
down.

I come to you for one thing like you wouldn't believe.
To beat you, to crush you, that's all I want to do.

I feel the anticipation.
Rage is climbing to give me strength to knock you out.

Come on, it's on; you'll never bring me down.
Come on, it's on; you're the one who'll hit the ground.
Come on, it's on; you'll never bring me down.
Come on, it's on; you're the one who'll hit the ground.

Are you ready to fight with me, fight to the end?
And see the blood on my fist, and hit the floor.

It's on (4x). Come on, It's on.

You'll never see it coming, I am ready for you.
The crowd is by my side and you have no one.

I feel your annihilation.
Rage inside me is coming out only for you.

Come on, it's on; you'll never bring me down.
Come on, it's on; you're the one who'll hit the ground.
Come on, it's on; you'll never bring me down.
Come on, it's on; you're the one who'll hit the ground.
