Prepare for the beginning of your end. Your time is near, no one can stop me.

No one can stop me.
I dreamed all my life of seeing you suffer and seeing your murder by my own hands.

I dream of your murder.
I will be the bringer.
Of your last breath.
It will be your death.

Don't think I forgot all the shit you ever did to me.
I will kill you in the worst pain that you ever dreamed of.
(2x)

I dream of ripping your spine right from your back and be my trophy for all to see.

No one can stop me.
I dream of burning you alive to see you melt and peel the rest of your skin, for my own grin.

I dream of your murder.
I will be the bringer.
Of your last breath.
It will be your death.

Don't think I forgot all the shit you ever did to me.
I will kill you in the worst pain that you ever dreamed of.
(2x)

When I see you on the brink of death looking you right in the eyes and see your life go away.
I'm death. I'm death. That's what you will call me.
I'm death. I'm death. I will bring it to you.

I dream of your murder.
I will be the bringer.
Of your last breath.
It will be your death.
It's all I dream.
