I tried to make you smile. I tried to make you remember me.

But you reject everything. You never seem to appreciate it.

Can you fucking see what I am trying to do for you?
Can you fucking understand all of my cries?
Can you just look me right into my eyes?

What can I do to make you believe in me?
What can I do to make you?
It's never enough, it's never enough to make you happy.
It's never enough, it's never enough to make you believe in me.

You make me sick of all the insults you fucking prick.
Why can you just give me the intention I deserve from you?
Why can you just give me a chance to prove myself?

What can I do to make you believe in me?
What can I do to make you?
It's never enough, it's never enough to make you happy.
It's never enough, it's never enough to make you believe in me.

Go!

Do I have to go insane? Do I have to go mad?

Now we'll see of what I am really made of.
The one you will be sorry for treating like this.
I will go all the way to make you see.

You will regret everything. You will never forget me.

What can I do to make you believe in me?
What can I do to make you?
It's never enough, it's never enough to make you

happy.

It's never enough, it's never enough to make you
believe in me.
