Come on all you fucking freaks get out of your head  
and wake up.

I want to hear you scream (x3)  
I want to see you break (x2)  
I want to see you break everything

Don't think what you are going to do.  
Just let yourself go.

Don't think what is going to happen.  
Just let yourself go.

Let go of everything, and all your pain, Scream with  
me.

When I count to four, I want to hear you scream.

One, Take a deep breath.  
Two, Prepare yourself.  
Three, Think about the pain inside.  
Four, Let yourself go.

I want to see you move. (2x)  
I want to see you move your ass.  
I want to see your fist. (2x)  
I want to see your fist in the air.

Don't think about tomorrow.  
Just let yourself go.

Just think about here and now.  
And let yourself go.

To all your suffering, and all your pain, bring it to me.

When I count to four, I want to hear you scream.

One, Take a deep breath.  
Two, Prepare yourself.  
Three, Think about the pain inside.  
Four, Let yourself go.
