No not this again.

All I have done.
All I have made.
All that I worked on.
It's all lost.

I am dammed.
I am done for.
I am so screwed.
It's all fucked.

I lost everything that I worked for.
I can't restart all I have done, no fucking way.

It will never be the same. Never be as it was before.

It happens when you least expect it.
It happens when you're not ready.

Fire within me for all my losses.
I won't cool down for anything no fucking way.

It will never be the same. Never be as it was before.

I must find a solution, a way to get out of this situation,
that striked me out.

My life ruined, my life is over, my life is all fucked up

Hatred for everything that I don't have.
I won't bow down to my losses no fucking way.

It will never be the same. Never be as it was before.

All I have done.
All I have made.
All that I worked on.
It's all lost.

I am dammed.
I am done for.

I am so screwed.
It's all fucked.
Fuck (3x)
