Oh, I thought that you'd be proud of me

But no, you just instill more doubt in me

I knew that I could make it through like I needed to

But I never thought that you'd be blocking my fucking
way

If wishes were horses

Then beggars would ride

Beggars would ride

You're chopping into my

You're chopping, chopping, chopping

My self esteem

One wish, come true

It's the end of you

One wish, come true

It's the end of you

I thought that you'd be proud of me

You just instill more doubt in me

I knew that I could make it through

Just like I needed to

Oh, I thought that you'd be proud of me

But no, you just instill more doubt in me

I knew that I could make it through like I needed to

But I never thought that you'd be blocking my fucking
way

With your fucking hands up

Expect nothing more (?)

Standing in the same place

Just begging for a blessing

Instead of making something up

And sitting back and laughing

Well, I can barely crawl

'Cause my fucking back is broken

All I asked for

One wish, come true

It's the end of you

One wish, come true

It's the end of you

One wish, come true

It's the end of you

One wish, come true

It's the end of you
