I don't think you really mean it

It's the things you say

It's the things you do

It's the things you promise

That never seem to come true

I don't think you really mean it

I don't think you really mean it

It's the things you say

It's the things you do

It's the things you say

It's the things you do

It's the things you promise

That never seem to come true

I don't think you really mean it

I don't think you really mean it

Quit your lies

Stop pretending you're chasing your tail

Your feet have been nailed to the floor

The wool's been in your eyes for so long now

I don't think you really mean it

It's the things you say

It's the things you do

Don't expect a helping hand

I've turned my head

I've brushed you off

Friends only as good as what they do

Get me out of here

Interference is what I need

It all comes back to you

It all comes back to you

You (x8)

Get me out of here

Get me out of here

Stop lying

Quit pretending you're chasing your tail

Your feet have been nailed to the floor

Wool's been in your eyes for so long, man

I don't think you really mean it

It's the things you say

It's the things you do

It's the things you promise

That never seem to come true

I don't think you really mean it

I don't think you really mean it

It's the things you say

It's the things you do

It's the things you promise

That never seem to come true

I don't think you really mean it

I don't think you really mean it
