Visit "[Having Fun](#)" on MotoLyrics.com

We're on the run
And having fun
There's something in the ear
Something we wanna hear

We got a song
So sing along
Get up on your feet
Set your feelings free

Nothing's gonna stop us till we've seen the end
We're not the kind of band who pretends

Na-na... you thought you knew us by now
We're gonna show you something better
Na-na... you thought you knew us by now
We're always trying something better

It's getting loud
Oh what a crowd
Tell us what you wanna hear
We can read you loud'n clear

Are you proud
Then shout it out
Are you having fun tonight
We're gonna rock and roll it right

Nothing's gonna stop us till we've seen the end
We're not the kind of band who pretends
