Is something wrong, have I done something
To make you cold
If it's so, lets make it right
I want it to be you and me
I'm gonna steal your heart away
If you only let me love you
I'm gonna steal your heart away
If you only let me through
Been giving you a part of me
Is it to much to expect something back
You are the one I've been waiting for
And all I want is a piece of your heart
I've been waiting for a change
A change to break the ice
I'll never give you up
So give me back the love I'm giving you
I'm gonna steal your heart away
If you only let me love you
I'm gonna steal your heart away
If you only let me through
I'm gonna steal your heart away
If you only let me love you
I'm gonna steal your heart away
If you only let me through
My mind is so confused
I don't know what to do
I'm not sure if you want me to
But give me a smile and I'll be there to
Steal your heart away
If you only let me love you
I'm gonna steal your heart away
If you only let me through
I'm gonna steal your heart away
If you only let me love you
I'm gonna steal your heart away
If you only let me through
I'm gonna steal your heart away
If you only let me love you
I'm gonna steal your heart away
If you only let me love you
