I reach for the top, and I'm never gonna stop
I want to be somebody, don't wanna end up like you
I ain't gonna work from 9 to 5, I wanna feel that I'm
alive
I want my life to be, a great big party
You can have your boring dreams, I think I know just
what it means
To sit and watch TV, until your eyes pop out
You can pretend that your alive, when you struggle and
you stripe
But if somebody droped a bomb, you wouldn't notice
We can make it to the top, be winners in the end
To the end of time, we want strings to bend
And to use it, we'll never break through
We shall show the world
When I'm sittin' on the top, I'm gonna take one day off
I'm gonna sing this sweet refrain, just to tell you once
again
That when you work from 9 to 5, you won't ever feel
alive
And it's better to fail, then never try el (?)
We can make it to the top, be winners in the end
To the end of time, we want strings to bend
And to use it, we'll never break through
We shall show the world
(Instruments.)
We can make it to the top, be winners in the end
To the end of time, we want strings to bend
And to use it, we'll never break through
We shall show the world
