So tell me now would I ever let you down  
Would i ever tell you no or let you go  
sometimes i feel like giving up  
but i dont let it get me down you cant get to me that  
easily i cant believe you

You had it all x2  
but now its gone and Im singing you this song  
so heres my voice for the last time which youll never  
hear again

Things change so fast every breath feels like you last  
should you keep on hanging on or just let go  
Someday ill give it all away but right now Im keeping it  
for myself i cant let this out its safe and sound you cant  
stop me now

Unless Im mistaken Ive been taken for granted  
(Unless im mistaken, Ive been taken)
