Social interaction  
It makes me sick down to my stomach  
I'm just building up a network  
Of these people I pretend to know  
People only like you  
If you've got something they want  
That means I must be a moron  
If I don't like what you've got  
I don't care about it  
I don't care about it  
I don't care about it  
I don't care about it  
Well I have wasted thousands  
Of my kisses on your picture  
And a lot of good it did me  
When the circus came to down  
Yeah you could have been my everything  
But you went with another  
And you let him treat you badly  
And you run to me for sympathy, well...  
I don't buy it!  
I don't buy it!  
I don't care about it  
I don't care about it  
I don't care about it  
I don't care about it  
You must stop feeling so (fucking) sorry for yourself  
It's bullshit, get on with it  
I don't care about it  
(I don't care!)  
I don't care about it  
(I don't care!)  
I don't care about it  
(I don't care!)  
I don't care about it  
(I don't care!)  
I don't care about it  
(I don't care!)  
I don't care about it  
I don't give a fuck  
Cos I am so selfish and I am so proud
