Gloomy clouds, gloomy cold  
White crow, black peacock  
The moon is shining, black castle  
The winged snake is cereding - from the sea

Dreams have already been broken down and the night  
Is dying, hate, evil, horrible might, I don't want to sleep  
- well it's a day now

Cold is reflecting from faces  
Eyes your face are pale  
Angels and world permanent  
There's no place for the escape

Dreams have been already broken down and the night  
Is dying, the hate cutting through my dream  
No, don't want to sleep, I haven't got no power to  
Kill or live, I don't know how - to go on

The pain persecuting the shadow, don't know how  
From the darkness and what to do with this  
The black north wind is blowing and I can only hope  
- in the end

The girl's scream is cutting  
Through the darkness  
Ticking of clock  
Is resounding brightly

Some unknown might pushing me back and  
I don't want a pain, a poison and a remedy
