Again the day which makes sad
And tears flood hundreds of eyes.
A bell signifying to all
Another life will be passed away.
Beautiful youth finishing it's voyage
In violent death, verdict of aegis.

Master, no motives.
Without throbs on the judge's order,
He finishes, the girl's life.
Perhaps, he'll feel a sorrow in his heart,
But he's got no right to decide.

Satan's caper hurls sentence
And earth engulfs(the) shackled body.
Without proofs, just in a blind aegis,
He makes(the) dependant beg on knees.

Temple of pain long ago in it's walls
Holds dismay and despair.
Only master executioner waits for a sentence,
In nights without dreams, without qualms.
Fills every order,
How soulless he proceeds to other executions.
On the sill of death he stays alone,
Only God and him sows death around.
