"Stand"

Take my heart
Take my whole life Lord
I am yours
Everything to be for you an offering

I stand in you alone
My hope is in no other name
I trust in what I can't see
Though the storms are raging
I stand on you alone

In this world
For me to live is Christ
To see your face I know is life
So I will live to worship you

I stand in you alone
My hope is in no other name
I trust in what I can't see
Though the storms are raging
I stand on you alone

I surrender all
I surrender all to you
