Maybe love will change your mind
Or was this world just too unkind
Outside this doors a raging sea
So come inside make love to me
Love is forever
Love is not a one night stand - o - o - o
Don't take it for granted
It can leave it's got a mind - of it's own
I know you're suspicious
Been down so long alone
I can't believe
How fast I've fallen in love again
But I don't need speed
Just let me in lover
Maybe love will change your mind
Or was this world just unkind
Outside this door's a raging sea
So come inside make love to me
Why can't you surrender
I'm patting out a gentle hand - o - o - o
Your seed has been planted
So child don't be afraid to just let it grow
I know you're suspicious
Let down your god and just let go
I can't believe
How fast I've fallen in love again
But I don't need speed
Just let me in lover
Maybe love will change your mind
Or was this world just too unkind
Outside this door's a raging sea
So come inside make love to me
Lover I don't know what to say
I think I'll say it anyway
Lover I don't know what to say
I'm gonna say it anyway
Let's break on thru this barricade
