Let me go, 'cause I'm already gone
Let me go, like a child still-born
'Cause I'm already like this saying

Temporary like the rain
Temporary like the rain

Let me go, please don't be afraid
Let me go, change is already made
Let me go, you seem all fine as day
I was never meant to stay

Temporary like the rain
Temporary like the rain
I'm temporary like the rain

So sick of your white lies, nice try
Just say goodbye, if you're leaving me
So sick of your, sweet ex-girlfriend
Looking for a boyfriend
Who's right in front of me
So sick of my smiling, dying
Set me free

Hoo hoo hoo yeah, uh hoo hoo hoo yeah, uh hoo hoo
hoo yeah
Hey uh hoo hoo hoo yeah, owww
I shoulda never told you about that, baby
I shoulda never told you about that, baby

Let me go, 'cause I'm already gone
Let me go, like a child still-born
'Cause I know love is as they don't say
Temporary like the rain
