Fate, it never followed me.
Until now, I never wanted it to...
(take me, I'm caving.)
I always wanted it to...
(save me, I'm waiting.)
I wanted everything and now.

You gave it away and I've come undone.
Thinking of you, I can't let it go.
You took it away now I've become empty, waiting for
you to pull me up.

So you came back underrated.
It feels like I always wanted you to...
(force me, I'm caving.)
I've seen the world around I've...
(turned in and hated.)
I've fucked up everything till now.

You gave it away and I've come undone.
Thinking of you, I can't let it go.
You took it away now I've become empty, waiting for
you to pull me up.
You gave it away and I've come undone.

If you tear out my eyes would I still feel you there?
And if you tear out my eyes could I still feel...
(lies)
You came into my...
(life)
All I see are...
(lies)
You came into my life.
All your fucking...
(lies)
Every fucking...
(time)
All your fucking...
(lies)
Every fucking time.

You gave it away and I've come undone.
Thinking of you, I can't let it go.
You took it away now I've become empty, waiting for
you to pull me up.
You gave it away and I've come undone.
Thinking of you, and I can't let it go.
I can't let it go.
I can't let it go.
I can't let it go.
