I'm swimming up stream
I'm climbing up hill
And it feels like maybe I always will
How do I fix this broke down heart
Just look at me baby I'm fallin' apart

Why I woke up this morning only heaven knows
Spilled my cup of coffee and I burnt my toast
Can't find the keys 'cause they're locked in my car
Just look at me baby I'm fallin' apart

[chorus]

I remember the moment you looked in my eyes
You said that you loved me, then you said goodbye
Oh and right then and there is where I lost my spark
Now look at me baby, I'm fallin' apart
Just look at me baby

I'm trying to be strong
But I need some time
Gotta get myself together
I've made up my mind
But how do I move on when I don't know where to start
Just look at me baby I'm fallin' apart

[chorus]

I remember the moment you looked in my eyes
You said that you loved me, then you said goodbye
Oh it cut me so deep, yeah it hit me real hard
Just look at me baby I'm fallin' apart

I remember the moment you looked in my eyes
You said that you loved me, then you said goodbye
Oh and right then and there I swear I lost my spark
Just look at me baby I'm fallin' apart

Just look at me baby I'm fallin' apart
Just look at me baby
Just look at me baby
