You are playing with evil things  
Claim to be a magician, but you know nothing about it  
You are just a sorry fool

Let me tell you this  
I have seen the Prince of Darkness, and he is nothing to  
be messed with  
He is much stronger than you ever thought

One day you will understand, but Iâ€™m afraid that itâ€™s  
too late  
Because he has got your soul  
And there is no way to get it back

What do you think, when you lie there at the altar  
Waiting for some ugly jerk to rape you  
As a sacrificial fuck?

You are Satanâ€™s slave  
Just a stupid child  
You say you are in love with Evil  
I say you are out of your mind!
