Put it to me straight,  
Baby up and down  
Move in a circle,  
A-baby, 'round and 'round

Wiggle them hips, baby, side to side  
Woo! and it's a crazy ride  
About to shake, baby, one more time  
And I'm just about to lose my mind  
Feels so good, baby, just can't wait  
Come on, baby, put it to me straight

Slow down woo, just a little bit  
Baby, kiss my lips  
And I'm aobut to throw some kind of spastic fit

Flip it over, baby, you're on top  
And you know I like it a lot  
Whisper to me, baby, I'm your man  
Woo! and it's a crazy ride

About to shake, baby, one more time  
And I'm just about to lose my mind

Feels so good, baby, just can't wait  
Come on, baby, put it to me straight

Slow down woo, just a little bit  
Baby, kiss my lips  
And I'm aobut to throw some kind of spastic fit

Flip it over, baby, you're on top  
And you know I like it a lot  
Whisper to me, baby, I'm your man  
Woo! and it's a crazy ride

About to shake, baby, one more time  
And I'm just about to lose my mind  
Feels so good, baby, just can't wait  
Come on, baby, put it to me straight
