ok lets go  
i see the flowers on vine  
and you come into my mind  
i see the colors blue and red  
and you pop into my head  
i see the swans out on the lake  
anything is all it takes  
seems that everything that i do  
is what is reminding me of you

whats reminding me of you  
is everything i do  
theres a little place you dwell  
in my memory so well  
and it just seems by now  
i could have found somebody new  
but i can't get a thought in edgewise  
thats reminding me of you

as i strum on my guitar  
i stop to wonder where you are  
i can see you pretty face  
anytime or any place  
in my mind i see so well  
your perfume i smell  
and your lips so sweet as dew  
is whats reminding me of you

whats reminding me of you  
is everything i do  
theres a little place you dwell  
in my memory so well

and it just seems by now  
i could have found somebody new  
but i can't get a thought in edgewise  
thats reminding me of you

i see a flash of light or dark  
then the memorys really start  
our kitchen, couch, and bed  
start blazing through my head

i want you back so bad  
i would give all i had  
another thought and heres my cue  
to think another thought of you

whats reminding me of you  
is damn near everything i do  
theres a little place you dwell  
in my memory so well  
and it just seems by now  
i could have found somebody new  
but i can't get a thought in edgewise  
thats reminding me of you  
whats reminding me of you  
whats reminding me of you  
whats reminding me of you
