Ba-ba-ah-do-da-da-ah-do-ah-do-ah (4x)

I...do want him  
And something to begin  
And trick him into knowing what you think  
While walking around, waiting downtown

Now...all may seem  
Underdismissed  
Most window-gazers never know what they witness  
While walking around waiting downtown

Ba-ba-ah-do-da-da-ah-do-ah-do-ah (4x)

If only...me and I  
And I...I'd fly  
You'd rip my sail and rapidly they'd drown  
While walking around waiting downtown

It's like suddenly with something we're found out  
While walking around waiting downtown
