Everywhere I go; it is waiting for me there  
Everywhere I look a flash of eternity  
Is everyone so blind that they can't see  
Why it feels, like I'm dreaming

The heart of all  
In wind and in rain  
The heart of all  
In my darkest pain  
The heart of all, protect my soul

A miracle, universe so beautiful  
How come?  
Why I'm here?  
An accident or just a freak?  
I don't know  
But all my life I have been searching for something  
Drifting around like a leaf in the wind  
Still now I feel like I am coming home  
First time I feel like  
I am free

The heart of all  
Heal my bleeding wounds  
The heart of all  
Take me in your arms X 3  
The heart of all  
When darkness fills the land  
The heart of all  
Take me by the hand  
The heart of all, protect my soul

I am you (The heart of all)  
I am you, you are we, we are them and they are you  
And in the night of darkest fight  
We won't let you be alone  
The heart of all
