My empty heart is starving for love
I don't care what's your name
Whoever you are, you're on my aim
Looking at you groove groove girl groove
Makes my taste buds move move girl move
You look like an all you can eat buffet
Come on be my romantic pray
(Raka bam bum baby raka bum ba)

You're what I crave for
Beware of the cannibal
Hunting you on the floor
Beware im the cannibal
(raka bam bum baby raka bum ba)

Terror striked this dark club
My sport is to eat a piece of your love
Hunting you from a distance
I want to taste you for an instant
Looking at you groove groove girl groove
Makes my taste buds move move girl move
You're not the last you are my first entr e
Come on be my romantic pray
Come on baby rock this way
(raka bam bum baby raka bum ba)
You're what I crave for
Beware im the cannibal
Hunting you on the floor
Beware im the cannibal
(raka bam bum baby raka bum ba)
